

HP940-125XF, 150XF PLASTIC CUTTING NIPPERS

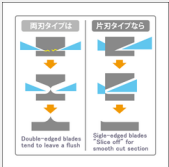

Most suitable for cutting hard plastic, such as engineering plastic materials (POM, PA, PC, etc.).
Ideal for gate cutting works in injection molding.

- Single-edged blades enable to “slice off” plastic without leaving a flash on the cut section.
- Coil spring is mounted for continuous cutting work.
- Round blades type: HP940-125XR is also available.

APPLICATIONS :

- Blade shape is designed suitable to plastic cutting so that possible to cut lightly and no burr remained which prevent hurt on fingers.
- Single-edged blades can “slice off” hard plastic.
No flash left on the cut section and enable to save post processing work.
