

Soldering Iron 200 W, 24 V

Item No: T0052919999N

KEY FEATURES

- + For large components (Shielding) with high energy demand
- + Most efficient soldering iron for WT stations and WR rework stations
- + Interchangeable XHT soldering tips at low cost prices
- + Power Response heating technology with improved sensor position
- + Fast reaction time

TECHNICAL DATA

ESD Safe	Yes
Power	200 W
UPC	037103311597
